

At the Town of Fairplay, we are keeping a very close eye on COVID-19, as the safety, health, and well-being of our community is a top priority. Our Board members are continuously briefed and aware of the evolving situation. The Town of Fairplay is following the direction of the experts, namely the CDC, CDPHE, and Park County Public health. We will continue to evaluate the spread of the virus and will update our plan as needed. This is a dynamic situation, and we will endeavor to continue to respond appropriately and inform our residents as new information is made available to us. At this time all Town of Fairplay facilities remain open to the public but individuals are encouraged to conduct business over the phone or online when possible. If you are feeling unwell and/or have any symptoms related to COVID-19 please do not enter Town facilities.

We urge all Fairplay residents to protect themselves with strong hygienic practices and to follow all directives from the Center for Disease Control, the Colorado Department of Public Health and Environment, and Park County Public Health. As with any respiratory virus, people should continue to wash their hands frequently and cover their nose and mouth when coughing or sneezing to protect themselves and others.
